Burmese Training Library Saves Time, Increases Engagement

Meet the training needs of your multi-cultural workforce with Intertek Alchemy's Burmese course library. This 42-course premium library includes critical training courses in food safety, workplace safety, animal welfare, and human resources.

Improve Safety, Productivity, and Audit-Readiness

Providing training in their native language ensures workers better understand company policies and safety procedures. Re-creating or translating courses into perfectly accurate Burmese can be time-consuming for already strapped admins. Use the Intertek Alchemy Burmese Training Library to:

- Reduce admin time to create and manage training
- Easily build learning plans specific to Burmese workers
- Reduce production stoppages and workplace injuries
- Meet regulatory and GFSI requirements to provide training in languages understood by workers

Reduce Staffing Challenges

Knowing you can train Burmese speakers expands the labor pool you can access. Providing vital training in their native language will give Burmese workers motivation to succeed — and help reduce turnover.
